

UPDATE / REPORT NUMBER 27 OF 2010

UPDATE ON THE PSCBC MEETING OF THE 4TH OF JUNE 2010

Following the Public Service negotiations with Labour on 4 June 2010, the parties met again on 7 June in order to reach a settlement on the wage negotiations for this financial year.

The employer responded that they stood by their initial offer of

- 6.2% across the board salary increase
- Increasing the housing allowance, moving it to R620 per month
- Concerning the equalization of the medical aid, they showed no interest
- The implementation date as 01 July 2010

Labour rejected the offer. HOSPERSA is now seeking mandates from its members on the following demands:

- An across the board salary increase of 8.6% instead of the employers revised offer of 6.5%.
- The housing allowance to be moved from the employers latest revised offer of R500 to R1000pm.
- The implementation date to be 01 April 2010
