PUBLIC SERVICE CO-ORDINATING BARGAINING COUNCIL (PSCBC)

REPORT NO 7 OF 2018

WE can report that principals from both the Independent Labour Caucus (ILC) and Congress of South African Trade Unions (COSATU) have decided that there must be a build-up to industrial action in response to the way the employer is disrespecting the processes of Council during the current wage negotiations.

A committee has been formed to draft the picketing schedule and is set to meet later this afternoon.

The schedule together with guidelines will be circulated to coordinate picketing in strategic points around the country.

We will keep members updated on all the latest developments.
